## 2008 Vision Award Issued to Kilbourne Group

FARGO, N.D. (May 8, 2009) – City of Fargo Planning Commission to issue the 2008 Vision Award at 8:00 A.M., at the May 13, 2008 Planning Commission meeting. The award is to be issued to the Kilbourne Group in honor of the recently completed projects, The Lofts at Roberts and 300 Broadway.

Each year, the Planning Commission honors a developer for a recently completed project which exemplifies the leading edge of practice. The award was created to foster continuing excellence and stimulate innovation in planning and development.

The Lofts at Roberts and 300 Broadway puts into practice goals from our guiding documents; such as the City Comprehensive Plan, Fargo-Moorhead Downtown Framework Plan, and the Land Development Code. These particular projects are significant architecture contributions, and include best planning practices; such as, establishing mixed-use land uses, creating walkable environments, adding downtown housing options, alley pedestrian-way development, and connectivity to neighboring businesses including the Fargo Theatre.

For more information contact the Planning Department at 241-1474.
